On May 20, 2020 the North Dakota Department of Health, Division of Health Facilities, completed a COVID-19 Focused Survey at Marion Manor to determine if your facility was in compliance with Federal requirements related to implementing proper infection prevention and control practices to prevent the development and transmission of COVID-19. The survey revealed that your facility was in substantial compliance with participation requirements and no deficiencies were cited. The findings from this survey are documented on the CMS 2567 and sent through the ePOC system.

No additional action is required on the facility's part.

Enclosed is the CMS-2567 relating to your program survey that indicates no deficiencies were identified. This report is submitted for your files and does not require your signature and return to our office.

SUSPENSION OF SURVEY AND ENFORCEMENT ACTIVITIES

The Centers for Medicare & Medicaid Services (CMS) is committed to taking critical steps to ensure America's health care facilities are prepared to respond to the threat of disease caused by the 2019 Novel Coronavirus (COVID-19). In accordance with *Memorandum QSO-20-20-All*, CMS is suspending certain Federal and State Survey Agency surveys, and delaying revisit surveys, for all certified provider and supplier types.

During this time, CMS is prioritizing and conducting only the following surveys: focused infection control surveys, investigations of complaints and facility-reported incidents that are triaged at the Immediate Jeopardy (IJ) level, and revisit surveys for unremoved IJ level deficiencies. With the

exception of unremoved IJs, CMS will also be exercising enforcement discretion during the suspension period. For additional information on the prioritization of survey activities please visit <https://www.cms.gov/files/document/qso-20-20-allpdf.pdf-0>.

I would like to take this opportunity to congratulate you and your staff on your efforts to proactively address the quality of care issues for the residents in your facility. The outcome of this survey indicates that your efforts were worthwhile, and the residents have benefited. We ask that you continue your efforts to provide the very best care possible for your residents. Again, congratulations and thank you for your dedication to maintaining compliance with the long-term care regulations.
